SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, Nov. 2, 1914, there being present Wm. H. Brown, presiding, Jas. T. Casey, John MacBain and Jos. M. Francis. Absent, D. E. Blackburn.

The minutes of the meeting held Oct. 19, were read and approved.

Reports were received and accepted from Motor Officers M. F. Brown, George Lowans and Jas. B. Logan.

A petition was received from the Fifth Addition Improvement Club of San Bruno, protesting against the closing of Tanforan crossing by the Southern Pacific at that place.

The Surveyor presented a communication from the railroad company stating that permission to close Tanforan crossing had been received from the Railroad Commission, and that it was the intention to open a new crossing at Linden avenue.

The matter was referred to the District Attorney for investigation.

Chairman Brown presented a deed from the Leslie Salt Refining Company and others, conveying to the county a right of way through the lands of grantors, forty feet wide for a public road from the Southern Pacific line to the main levee of the Salt Company, being an extension of Lily street.

The deed was accepted on motion of MacBain, seconded by Francis.

The bid of the Pacific Gas and Electric Company to install and light for a period of five years ten eighty-candle power Mazda lamps in the Beresford Lighting District, was accepted and the contract awarded to the company on motion of Casey, seconded by MacBain.

The following applicants for aid were each granted the usual monthly allowance of $8 from the Indigent fund:

J. R. Fores, San Gregorio, aged 73 years.

Mrs. Clara Mead, Redwood City.

Mrs. Annie Stone, Daly City.

Mrs. Elizabeth Rosenheim, San Mateo.

It was ordered on motion of MacBain, seconded by Francis, that the allowance of $25 heretofore paid to Mrs. Springer of Redwood City be discontinued.

The following liquor dealers whose applications were presented at the first meeting in October were granted licenses:

First township—A. Baradat, class B, San Bruno.

Third township—Julius Schinkel, Portola; John Beltramo, class C, Menlo Park.

Fourth township—Henry Schuldt, class B, Halfmoon Bay.

The following applications for liquor licenses were received and will be acted upon a month hence:

First township—F. H. Wright, Millbrae; Fred B. Russi, Colma.

Fourth township—Manuel Lewis Halfmoon Bay.

The application of W. R. Markt for a class A license in the First township was taken up.

J. J. Bullock, representing Markt, asked that the board first investigate the charges made against him by one Marie Linde Gassner. Mr. Bullock then presented the affidavits of W. R. Markt, Harry Kat, John W. Stephenson, Chauncy Denike, Wm. P. Riordan, Geo. W. Ford and Albert McWilliams, denying the charge of Marie Linde Gassner, aged 17, that on August 31st last she had been drunk in Markt's saloon.

MacBain moved that the charges be declared untrue. He was seconded by Casey and the motion was lost, Casey voting in the negative and Francis refusing to vote.

A second motion was made by MacBain, to the effect that it be the order that the charges were not proven. This motion was seconded and carried.

The appliactions of W. R. Markt and Peter Testa for a renewal of their liquor licenses were then denied.

A communication was received from the Beautification Committee of the San Mateo County Center, asking that the board assist in the ornamentation of El Camino Real through the First, Second and Third townships by the planting of red geraniums on both sides of the road.

It was ordered on motion of MacBain, seconded by Casey, that the committee make its application to the State Highway Commission, the real custodians of the road.

A resolution adopted by the San Francisco Board of Supervisors was presented, calling the board's attention to the "doubtful feasibility" of Amendment 14 on the election ballot, as such a law would greatly increase the cost of elections. The communication was ordered filed.

A communication was received from J. R. Eubanks, giving a list of the county orphans entitled to State aid. The communication was filed.

The Armstrong Nurseries of Ontario, California, sent a communication asking for information regarding the county's regulations of the shipment of nursery stock.

The clerk was directed to inform the writer that the county had no such ordinance as it depended upon the State regulation of that traffic.

Clark & Henery was granted an extension of thirty days on its contract on the Bay Shore road in the First district, on motion of Casey, seconded by MacBain.

A petition was received from Elijah J. Hutley and others, asking that steps be taken by the board to form a Sanitary Lighting District at San Pedro in the First township.

The petition was accepted on motion of Casey, seconded by Francis, and the clerk was directed to notify the petitioners to have a representative at the next meeting.

The petition for the incorporation of San Bruno was taken up. W. J. Locke, representing the petitioners, addressed the board and accepted the modification of boundaries.

It was ordered on motion of MacBain, seconded by Francis, that the matter be postponed for two weeks to permit of the adjustment of certain road matters in the proposed incorporation.

Adjourned for the noon recess.

Afternoon Session.

The board reconvened at 1:30, all of the members being present except Blackburn.

C. M. Dutton, representing Mangrum & Otter of San Francisco, submitted a plan and estimate for installing an oil-burning plant for heating and cooking at the county hospital.

The estimates were ordered filed.

Thomas A. Ross of the Western Gas and Power Company of San Francisco also addressed the board on the same subject.

Surveyor Neuman presented a map and specifications for grading and macadamizing the new portion of the road leading from Menlo Park to Portola. Same were accepted on motion of MacBain, seconded by Casey, and the clerk was directed to publish a notice calling for bids for the work.

The Surveyor presented a map and specifications for building what is known as the Meyn road at Lobitos in the Fourth township, which were adopted on motion of Francis, seconded by Casey, and the Clerk directed to advertise for bids.

The Surveyor also presented map and specifications for the construction of Kelly avenue in Halfmoon Bay which were adopted on motion of Francis, seconded by MacBain, the clerk being instructed to advertise for bids.

The Surveyor was directed to prepare plans and specifications for fencing a portion af the Belmont road.

Alfred Grainger petitioned the board for an increase of salary from $75 to $85 per month and same was granted on motion of Francis, seconded by MacBain.

The Surveyor presented plans and specifications for a retaining wall on the Middlefield road which were accepted on motion of MacBain, seconded by Casey, and the Clerk directed to publish the usual notice calling for bids for the work.

It was ordered, on motion of MacBain, seconded by Casey, that the Clerk notify E. J. Tobin and Company that the board would not construct culverts for private uses.

It was ordered on motion of MacBain, seconded by Casey, that the Clerk publish notices rdeclaring the board's intention to purchase what is known as the Drew property in Redwood City for a jail site.

It was also ordered, on motion of Francis, seconded by Casey, that the Clerk publish notice declaring the board's intention to purchase a jail site at Halfmoon Bay.

It was ordered on motion of Casey, seconded by Francis, that the cemetery authorities of the First township be requested to appear at the next meeting and confer with the board regarding the construction of a culvert through the property of Henry Kempf.

Adjourned to Monday, November 9th, on which date the board will meet to canvass the election returns.

HAPPY LA HONDA

LA HONDA, Nov. 4—The children of La Honda were treated to an old fashioned Hallowe'en party at our little district school house on Saturday night. There were ghosts, goblins, gnomes, witches, Jack o' lanterns, pumpkin-heads, a clown (myself), wild Indians thrown in for good measure and other characters by "members of the company." Three mysterious fires were presided over by an old witch and the visitors enjoyed the contents of the boiling pot. Other refreshments were served.

The interesting Tichenor family and Miss E. Harcourt of Bellvale came to the Hallowe'en party.

C. Bowen and wife and child and Harry Hatton of San Francisco are stopping at the Bellvale cottages.

Mr. and Mrs. Manuel Francis, after two years' residence here have moved to the Pomponio, near San Gregorio. We regret to lose them.

Felix Guerra and Frank Zani have just returned from a week's stay in San Francisco, after seeing the elephant.

Wm. Cranston, a prominent real estate dealer of Palo Alto, who was here recently, looking after his interests, predicts an era of great prosperity for the entire county, and especially for this district. The new roads are going to work wonders. We know of several prospective settlers.

Our people are very much gratified at the rapid progress of the new road here. We hardly thought such progress would be made in such a short time. C. E. Blanchard of Blanchard & Brown, the contractors, is to be congratulated for his excellent work.

Mrs. Ida J. Sears has just returned from a pleasant visit to friends in San Francisco.

Percy St. John of the La Honda orchestra, now has charge of La Honda-San Gregorio mail route and stage, and a better man could not have been selected. He is popular along the entire line.

The Social Service of the Y. M. C. A. of Stanford University have recently organized classes of adult foreigners to study reading and civics, preparing the men for American citizenship. Through the initiative of Clerk Henry Steinberger the grammar school trustees of Redwood City permit the use of the assembly hall for the classes, three in number, with an enrollment of thirty. In a recent visit Messrs. Steinberger and Mantz found these classes in flourishing condition and ably instructed by a corps of Stanford young men.

Mrs. Mary Winter, Mrs. Martha George, E. O. Rhodes, Miss Ulrica Sahlberg and Miss Pearl George represented the local council of Fraternal Aid union at the district convention held in Gilroy last Saturday. Chas. T. Cook, a member of the local council, was elected to the presidency of the district convention for the ensuing year.

Mrs. F. E. George and daughter Miss Pearl spent Sunday in Watsonville visiting relatives there.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

A SINGNAL DISTINCTION.

The Times-Gazette stands ready to offer to Governor Johnson its felicitations. He certainly has reason to be proud of his victory. Not alone has he been returned to offfce by a large majority in the face of a hot—and it must be admitted a someweat bitter—contest, but to him falls the honor of being the first Governor ever given the privilege of a second term in office by the people of the State of California. As a return for this unusual distinction. the people of the State have a right to expect that he will give to the development of their interest the best effort of which he is capable. In return for this magnificent testimonial, he shoud sink all personal ambitions and devote himself entirely to the advancement of the interests of the people who have paid him this signal honor. Working to this end, he should have the hearty su pport of every citizen of the state.

NOTHING TO REGRET.

Fortunately for the people of San Mateo County, there are no bitternesses to forget in the local campaign. With but few contests to be decided at the general election, these were determined in a spirit of fairness and without personal animosity. Unquestionably the hardest contest in the county was that for the office of Sheriff. While this was an unusually close one, the winner has reason to be proud of his success, nor has the unsuccessful candidate more than the usual regret of defeat to

suffer. In all respects the contests was a clean one, devoid of unseemly personalities.

While the majority given Mr. Sheehan was a small one, he has every reason to be congratulated upon the results. Nor is ther any reason to believe that the people of San Mateo County will have cause to regret their choice. Mr. Sheehan goes into office equipped for its duties by a long experience in the work of the character demanded and with a reputation for duty well preformed that is a guarantee of future faithfulness. Not alone has he demonstrated his ability to do the work of the office, but a readiness to undertake its resporsibilities.

A FEW AFTER THOUGHTS.

Once more the country is ready to resume the routine of business and social demands. The election campaign, with its disputes and its rancors, is over. The issues before the people have been decided, for a time at least; the will of the majority has been registered and by it every good citizen should cheerfully abide. Whether the result is to our liking or not, it is our duty to give to those selected by the will of the majority to manage our public affairs the best support of which we are capable. That each will bring to the discharge of the duties with which he has been intrusted the best effort, as he understands it, no one need question.

For the good of our commonwealth, it is best that the differences of the campaign should be forgotten. In the zeal of political discussion. it is but natural that many harsh words should be said, that personal errors of judment should be magnified and that even motives should be questioned. With the contest over and results determined, these differences should be laid aside and the disputes forgotten. At the same time it would be well for those elevated or returned to power to heed a few hints as to the general temper of the people disclosed by the vote registered on questions of public policy upon which they were given an opportunity to have a voice.

That the people of California are not ready to willingly assume further tax burdens is shown by the decisive vote registered against the incurring of further indebtedness, regardless of the apparent worthiness of the project to which the money was to be devoted. Doubtless some of the purposes for which it was proposed to issue the bonds of the state were commendable ones and would have been approved but for the reasonable fear of an overburden of taxation. The public has made it evident that economy of administration is their demand.

That the people of the state are not ready to assume the responsibility of a mass of ill-considered legislation is another fact made apparent by the popular decision rendered at the poils. While the initiative, rightly used, may be a valuable adjunct to our legislative methods, it is evident that it is one which must be used sparingly and with careful judgment if it is to meet with popular approval. Called upon to consider a mass of legislation impossible of careful digestion, the praiseworthy as well as the injudicious will be discarded. In its first trial the people have emphatically declared that this method of law making is one which is not to be used at the whim of the faddist.

POLISHED PEBBLES PROVES POPULAR PUBLIC PASTIME

Last night Mr. Carrington scored another success with his operetta. Polished Pebbles was put on by the students of the high school before a lively interested audience, the entire program from overture to finale being very enjoyable. Due to the popularity of the Windmills of Holland there had been some doubt whether or not Polished Pebbles would equal it; but last last night's performance demonstrated the fact that the second operetta was much heavier and even better than the first. The frequent applause testified to the keen appreciation of the public. In addition to the music itself, Mr. Carrington deserves a great deal of praise for his training of the students, both in the music and in the stage section.

Miriam Mecredy made a charming Rosalie and her songs and lines were much appreciated. A very happy rendering was that of Marie McAuliffe, in the role of the aunt, who used, for very foolish pleasures, money that had been intended for educational purposes, and her assumption of the artificial airs and manners of the ultraculturd was only equaled by that of her daughters, Lorraine Dickey and Hazel Lamb. The songs of these three girls, together and separately, were very pleasing. Considerable merriment was accorded by the country girl and boy in the persons of Rose Lanfear and Oscar Oleson who took off their parts splendidly. But the great hit of the evening, if any one thing was better than another, was the characterization of Mrs. Gabble, town gossip, but one who meant well, by Mr. Carrington. The part was both humorous and serious, and all of its features were amazingly well handled.

All of the twenty-one musical numbers were good, and it is difficult to select any which might be called best. The solos were well sung, the duetts pleased, the trios were especially good, and were greeted by a great deal of applause. The choruses in all of their work were first class, and sung very well. Mr. Carrington is to be congratulated on the success of the production of his second operetta, Polished Pebbles.

JUDGE BUCK SETTLES LONG STANDING WAGE DISPUTE

The case of B. M. Walsh against James Lee and his sister was decided in the Superior Court on Thursday when Judge Buck rendered the following opinion:

"Plaintiff brings this suit against the defendants to recover from them the sum of $850 for services rendered the defendants by plaintiff within two years prior to the filing of the compalint herein, and in her secount count she asks for judgment against the defendants for the sum of $300 for money claimed to have been expended by her for the defendants during the above time. At the trial I held there was not sufficient evidence to establish plaintiff second cause of action and hence upon the second count plaitiff is not entitled to recover anything. Upon the first count in her complaint there is no dispute but what palintiff was employed by the defendants for about the time claimed and at the agreed price of $50 for each month. Plaintiff claims that there is a balance due her of $850. But I find during the time plaintiff worked for defendants, about twenty-six months her saalry would amount to the sum of $1300. Her esalary account, kept by her during that time and found in her "bill of particulars," at page 22, filed herein, shows that she has received on account of her salary the sum of $835. This would not only pay her for her services prior to October 1st, 1912, but would have a balance to apply in part payment of her salary accruing after October 1, 1912, the time sued for in the first count in this action. Thus taking the figures from her own statement filed herein there would be due her from the defendants a balance of $465 for which amount judgment will be rendered.

There is nothing in the question, that she, plaintiff, has failed to account for all the money collected by her for rents of the property. That is a matter between the defendants and D. C. Brown and cannot be raised in this action."

BUCK, Judge.

MAURICE SWIFT IS LAID TO HIS ETERNAL REST

Mount Carmel church was crowded yesterday morning with friends and neighbors of Maurice Swift who died last Tuesday evening. They gathered to pay their last respects to the deceased whom they had esteemed in life and honored in death. The services were brief but impressive. Father Sullivan paid a splendid tribute to the worth and good deeds of the deceased. He referred to the large assemblage of friends as an eloquent testimonial of the esteem in which he was held. Father Sullivan spoke of the religious zeal of Mr. Swift and knew he was prepared to go when the Death Angel called. While his death was sudden yet he was prepared for the summons. At the church was a representative of each class of the grammar school, the trustees and teachers also were there to show a mark of honor to the deceased who had been head janitor at the school for many years. After the services at the church the remains were followed by a large number of friends to Holy Cross cemetery, Menlo Park, where the interment took place.

Maurice was born in this county fifty years ago and was the son of the late Myles and Mary Swift, and brother of James V. Swift, Elizabeth and Rose E. Swift, and the late William J. Swift. He leaves a wife and five minor children. His sudden and pathetic death was a severe shock to his family and friends. Mr. Swift was taken ill Monday morning and after a consultation with the family physician he was removed to the Red Cross hospital at San Mateo where an operation was performed by Doctors Chedister, Ross and Morrison. The operation disclosed an advanced condition of stomach and intestine ailment. The relatives were immediately called to the patient's bedside and were told that there was no hope for his recovery. He was conscious up until the last and at 5 o'clock passed away. The deceased was well-known and liked by all. Nearly his whole life was spent in this community. He was a lawabiding citizen, a loving father, a model husband and a true friend.

CITY TO AID IN RELIEF OF BELGIANS

City Council Heads Movement to Secure Local Cooperation With State Plan.

Almost the entire time of the session of the city council Monday evening which was attended by a full board of trustees, was devoted to a discussion of the character of pavement to be required in the improvement of streets in Redwood Highlands, with the final result that the specifications presented by the George H. Irving Company, the owners of the tract, were given approval after having been amended in some important particulars. Before taking up the specifications as presented, Trutee Tuchsen, chairman of the street committee, presented and urged the adoption of a set of general specifications prepared by him for street improvements of the class under consideration. These Mr. Tuchsen urged should be adopted in order that owners of tracts of land contemplating subdivision might be given warning in advance of the character of street paving which would be demanded by the city and thus enabled to reach a fair estimate of the expense which would be required of them. These specifications were for the class of improvement generally known as water macadam base and oiled macadam surface, which in his opinion would provide the most durable roadway at the minimum cost. While in general the specifications were similar to those previously presented, they differed in requiring the use of a minimum of six inches of loose rock for the foundation instead of five as proposed by the Irving Company and in giving more definite directions as to the handling of the material.

Chairman Merrill voiced strong objection to the adoption of a single set of specifications as applicable to all portions of the city, holding that variations in the character of the natural foundation in various sections made advisable different requirements for each. While not admitting that in his opinion water macadam provided the best foundation, he was not inclined to oppose its use in the Redwood Highlands section, especially in view of the fact that the work was to be done directly by the owners of the property. In his opinion, also, the requirement of six inches of foundation in the class of construction proposed was excessive. With the method proposed he was of the opinion that five inches of rock would prove ample and fully up to the best work of the character in other sections.

In this view Chairman Merrill was supported by Trustees Deleau and Sampson. Trustee Hahir, also a member of the street committee endorsing the view of Trustee Tuchsen and advocating the adoption of standard requirements for the work. Representatives of the Irving Company, who were present to assist in an endeavor to reach a generally satisfactory agreement, pointed out that they had made every possible endeavor to provide for work satisfactory to Trustee Tuchsen and that with this view they had already consented to changes involving a materially increased expense over that originally designed, urging that while they were ready to concede a five inch foundation, the proposed increase to six was almost prohibitory at thi time.

Following the extended discussion, which at times was joined in by residents of Redwood Highlands, it was conceeded that in the main the modifications of the original specifications presented by Trustee Tuchsen were advisable and were accepted by all parties to the controversy. On the question of depth of foundation, however, no unanimous agreement could be reached and on a final vote on this question the council remained divided, the premit finally being granted for the five inches by the affirmative votes of Trustees Deleau, Sampson and Merrill, Trustees Hahir and Tuchsen voting no. With the permit for the improvement thus finally granted, the specifications were referred to City Engineer Sears for correction with the understanding reached, and the vexing question was passed as finally disposed of.

Complaints against the method of taxation against their property from Mrs. Charles E. Neuman and Antone Genochio were referred to the finance committee for investigation and adjustment.

The requests of T. C. Rice for correction of technical errors in assessments of lots in improvement district No. 12 were granted, no opposition having been presented

Trustee Hahir presented a request from the committee in charge of the Horace Hawes Gymnasium that that institution be provided with lights at the same cost as that of the general lighting system of the city. An explanation from City Mechanic Werder indicated that this would be impracticable, owing to the excessive cost of construction which would be required. As a means of providing relief to the committee it was decided that the cost of lighting should in the future be borne by the city.

City Mechanic Werder reported that after consultation with members of the council he had secured a purchaser for the old engine which for years has been held at the corporation yards as old junk, for $250. The sale was approved.

A request from the promoters of the proposed motor-bus service between Palo Alto and San Francisco that their enterprise be endorsed was referred to the Board of Trade. While the trustees personally commended the undertaking, the general sentiment was that official action in the matter by the council would not be warranted.

Chairman Merrill called attention of the council to the urgent need of organized action to assist in the statewide movement to secure relief for the suffering people of Belgium and the effort being made to send a distinctively California contribution to the work, urging that much more than temporary relief was demanded. At his suggestion it was decided that official sanction should be given the movement and that immediate efforts should be made to secure organized local action. With this end in view City Clerk Plump was directed to invite the pastors of the several churches in the city and the presiding officers of all fraternal and civic organizations of the city to form a committee to devise a plan of action. The first meeting of this committee, to which the general public are invited, will be held in the council rooms at the city hall next Sunday afternoon at 2 o'clock. At the suggestion of Trustee Deleau, chairman of the finance committee, it was decided that the city should contribute $125 from general fund as a foundation for the relief fund to be secured as a local contribution. At the request of the council, D. E Graham consented to act as general chairman of this committee.

The Misses McEvoy gave a hallowe'en party to their many friends in Duff and Doyle hall last Saturday evening. About 50 young folks indulged in the mazy waltz and merry two-step for hours. At midnight refreshments were served in the hall.

The election on Tuesday passed off quietly. The day was beautiful and a large vote was brought out, there being fully eighty per cent of the registered vote cast. M. Sheehan for shreiff carried both precincts by a plurality of 85.

The regents of the University of California and the Charles N. Felton estate, owning all of the stock of tne Bear Gulch Water Company, which supplies water to Menlo Park, have decided to make extensive improvements in the plant to the extent of about $250,000.

The masquerade ball on November 20th is attracting the attention of all dance goers who will attend in large numbers. The Hall of the Nativity will be the scene of merriment on that evening when maskers will appear in festive array. Good music has been engaged for the occasion.

Mrs. Frank Maloney was hostess to a few friends Thursday at a surprise given to Mrs. John Morey in honor of her tenth wedding anniversary. Among those seated around the prettily arraigned table were Mrs. P. J. Maloney, Jas. O'Keefe, Con Cullen, John Morey, Will Maloney, Mr. Templeman, Jim Clothier and Miss M. Maloney.

Frank Tunaka, a Japanese caretaker at Gus Taylor's country home near the Flood place, was robber Tuesday night of $100 in cash, two fountain pens and a safety razor. Also the Japanese stable boy at the same place was robbed of $50. Whether or not the attempt was the act of experienced holdup men or the work of tramp novices is not known. The fact that the robbery came just after pay-day and found the two Japanese in possession of their wages would indicate prior knowledge and perhaps local familiarity with such conditions. The two Japanese were paid Monday morning. The robbery occurred while they were away

Warren B. Morey, an old time resident in this community, passed away at Redwood City on last Wednesday following an illness of several months. The deceased had an operation performed on his throat about six months ago and never fully recovered from its effects. Mr. Morey was born in Boston 58 years ago but had passed the greater portion aof his life in California. He was a brother of Harry B. Morey, the well-known contractor, and was a cement finisher, having followed that occupation nearly all his life. He did the cement work on the Flood mansion here over thirty years ago. Mr. Morey was a genial, whole-sould man, popular with his associates and universally liked and esteemed by all who knew him. His sudden demise will be a great shock to his numerous friends. The funeral will take place today from the residence of his brother on MacBain avenue at 9 o'clock, thence to the Church of the Nativity where a requiem mass will be celebrated at 9:30 o'clock. Interment will be in Holy Cross cemetery.

Frank Shurtz and his wife have leased the Menlo Park hotel for a number of years. They are experienced hotel people and will mak many improvements on the hotel property. They took charge of the business during the week. Mr. Kuck and his two daughters, who have conducted the business for a great many years will retire. They have leased the McNally cottage on the El Camino Real and will move from the hotel today. One of the papers of Tuolumne has this to say about Mr. and Mrs. Shurtz:

"Frank Shurtz, recognized an the East Belt as one of Tuolumne's most prominent and successful busines men, has leased the beautiful Menlo Park hotel within one mile from Stanford. With the departing of the Shurtz family we are losing true and noble citizens. Upon the arrival of Mr. Shurtz and his family in town many years ago, he accepted employment in the saw mill and as the time gradually slipped away he obtained the West Side Boarding house where several hundred men, employed by the local lumber company, received their board and room at a very reasonable rate. Now, after sending his children to our schools; after gaining the good-will and friendship of all with whom he came in contact, and after becoming, more than likely, very comfortably fixed in the way of financial interests, he leaves Tuolumne with a straight, clean-cut record. Mr. Shurtz is a man cut out for nothing else than business, and that he will meet with success in his new venture is an assured fact. The hotel which Mr. Shurtz has leased is within one mile of Palo Alto, thus affording excellent school advantages, etc. Twenty trains daily pass in front of the building. It is directly in the center of heavy travel and forty minutes ride from San Francisco."

The Men.

Of the Congregational Church will serve a first class cafeteria supper at the Odd Fellow's Hall next Tuesday evening, from 6 to 7:30 o'clock, for the benefit of the Belgian Relief Fund, ladies especially are invited. A large meal for 35 cents, boys and girls 25 cents each.

COLMA INFORMATION

COLMA, November 4—The great entertainment took place last Saturday evening in Colma hall. The auditorium was taxed to its utmost capacity. All the chairs which had been secured for the occasion were occupied and all the standing room was filled. Never before was there such a large gathering in this place. Every condition was propitious. The moon was shining big and bright. The air was soft and warm, just stirred by the faintest southern breeze. A holiday spirit of Hallowe'en mystery prevaded all. Thus it was when W. J. Savage, who was honored by having been made master of ceremonies, called the expectant audience to order and in a few jubliant words thanked all for their presence and stated the double object of the gathering—to be entertained and show welcome and appreciation to Father Michael J. Clifford who was called before the people to speak a few words, after which the following program was well rendered:

"Selections," Orchestra of Richard Maher.

"Birth of Flowers," Children of the Parish.

"Golden Trio," A. Gandoli, N. Elia and J. Guidici.

"Sole Mio," A. Gandoli.

"In the Garden of My Heart," Josephine Armanino.

"Selections," Orchestra of Richard Maher.

"Love Tales of Hoffman," Misses J. Armanino, J. Bocci, S. Logamarsino, I. Wight, E. Gioldi, E. Biggio and A. Bano, the cupid.

"Piano Solo," Pauline Benossini.

"Piano in Alaska," Mr. McGlade.

"Celeste Aida," Joseph Nardelli, accompanied by Miss M. Rodgers.

"Darling, I Am Growing Old," Miss E. Biggio and A. Gandoli.

"Home to Our Mountains," with "Anvil Chorus," from Trovatore by all the girls.

The next entertainment will be given by the ladies who are interested in preparing for the identification of Colma and Daly City at the World's Fair. Funds are needed and to obtain them is the object of the entertainment and dance which will be given in Colma hall on Saturday evening, November 21. Help all you can.

The Native Sons of El Carmelo Parlor, No. 256, are sparing no efforts to make their masquerade ball for the evening of November 28, a success. They deserve to have a good time. Don't forget them.

The home of Mr. and Mrs. Frank Barret has been gladdened by their first-born, a healthy girl, born on the 24th of October. This makes Supervisor James T. Casey a grandfather. He is young no more.

Trustee James Callan has an additional honor. He is now president of the Board of Directors of the Colma Hall and Building Association.
